HEARTFELT  
FOLK

*To Begin Again*  
Chris Dorman

"If there is an ounce of hesitation in the heart, a small part of the self stored away in the heart's drawers and closets, as is the case with most of us, the textured combination of Dorman's breathy, piercing vocals and the music on *To Begin Again* will coax it out and onward."

- Tim Lane, Director, (SCENE) MetroSpace
